

# Delaware CreatiVeterans

Creativity, Connection, Growth

**Are you a veteran looking for a new way to express yourself? The Delaware CreatiVeterans program is here to offer you a creative outlet in a supportive, inclusive environment.**

This FREE program, in partnership with the **Delaware Division of the Arts** and the **Office of Veterans Services** is designed specifically for veterans like you. Whether you're new to the arts or an experienced artist, this is a chance to explore different forms of expression while building connections with others who understand your journey.

## The Courage to Create

Taught by Jane Quartarone

We are all born creative and often just need direction, opportunity, and a safe space to explore. With just paper and pencil, you'll begin discovering your own visual language—letting go of “perfect” and embracing mistakes as part of the process. This course explores new ways of seeing through both realism and abstract art. Using graphite and a variety of colorful drawing materials, you'll build confidence, crush creative fear, and express your unique point of view. The workshop series will culminate with a celebratory event featuring the participants' work. **No previous experience is necessary.**
